

2 DAY HOOF HEALTH & TRIMMING CLINIC

Presented by

Jenny Austin

Qualified Natural Hoof Care Practitioner and Trainer/Assessor

DAY 1 WORKSHOP

(Essential for Day 2 attendance)

You will learn –

- What a bare healthy hoof can achieve
- The definition of a healthy hoof
- How shoes change hooves
- Hoof anatomy and how it works to support the horse
- How to recognise healthy vs unhealthy hooves
- How to create a sound barefoot horse
- Recognising and treating common pathologies
- General hoof care
- The 5 critical aspects of barefoot success

And more - hoof trimming

demonstrations & evaluations

..Educational hands on activities..... Bring along photos of your own horses hooves for discussion (on a usb, very clean hooves, various views)

DAY 2 TRIMMING LESSONS

(Must have attended a Hoof Health Workshop)

Building on your knowledge from the theory of the previous workshop, you will learn how to do a basic maintenance trim on your own horse.

Morning presentations on -

- Types of tools and safe use
- Safe manual handling
- Horse handling
- Anatomy re-cap
- Trimming guidelines

Followed by-

- Trim demonstration
- One-on-one trimming lesson with your own horse

Saturday 9th and Sunday 10th February 2019

Ballywire Farm, Yorketown

8.30am to 4.30pm

You can attend Day 1 only if you don't require trimming lessons.

Cost \$100 for Day 1 OR \$250 for Both Days with 1 horse (extra horse \$60)

Registration by 15th December with full payment is essential
